Hi Nicole,

I want to thank you and your colleagues again for meeting with Sarah Amick and me. We have let OEHHA know that we are happy to have you join our meeting on April 28 via teleconference. I am not sure how useful it will be for you all to be on the phone, though. We would like to offer to do a meeting with you all on the same topic here in DC. The representatives from the International Carbon Black Association are happy to join us for that meeting. Please let me know if having a separate meeting would work better for you. Best regards, Tracey

Subject: Final Agenda & Anticipated Attendee List for EPA-RMA Meeting 4/7 10:30am-12:00pm

Tracey:

Attached please find the final agenda and anticipated attendee list for our 10:30am – 12:00pm meeting tomorrow. As a reminder, please arrive 15 minutes prior to the meeting start time and contact Chris Carusiello at (407-421-0054) to be signed in and escorted through security in our lobby. Since you will be bringing a PowerPoint presentation, please bring a back-up copy on a jump drive or email it to me so that I can ensure it can be properly loaded onto our system – sometimes we encounter technical issues when non-EPA laptops are hooked up to our projectors. Thank you again, and we look forward to speaking with you tomorrow!

Hi Nicole,

We are available 10-12 on the 7th of April.

Please me the details for the meeting location etc. We would like to share a presentation, so it would be great if the room has a screen. We can bring our own projector if need be.

Could you also provide me with a list of names/titles/offices of everyone who participated in our recent call and also who will be attending the April 7th meeting?

Thanks so much. We look forward to meeting with you.

Hi Tracey – Just wanted to follow-up with you regarding our response below and proposed meeting times for April 7. Please let us know if RMA would be available for a 1.5 hour meeting between 10:00 AM and 12:00 PM, or between 1:00 PM and 3:00 PM.

Thank you,

Nicole

Subject: EPA crumb rubber study

Hi Tracey,

I am emailing from the EPA's Office of Resource Conservation and Recovery to follow up on

your communication with Nicole Villamizar around the federal research of the recycled crumb rubber used in playing fields. As left off with Nicole, I wanted to check if RMA would be available for a 1.5 hour meeting on April 7, between 10:00 AM and 12:00 PM, or between 1:00 and 3:00 PM.

The purpose of the meeting between the EPA and RMA would be to share information relevant to the federal research as outlined in the Federal Action Plan, such as the tire composition and how tires are manufactured. We will also be open to answering any questions RMA has regarding the Federal Action Plan, and for preparation on our end, would welcome your feedback as to what those questions may be.

Looking forward to meeting with you!

Thank you and all the best,

Hi Nicole,

Thanks so much for the email. We would appreciate the opportunity to meet with you in the timeframe you mention. Would the first week in April work on your end? We are available April 4 or April 7. Please let me know.

As for touching base by phone next week, my schedule is completely clear on Tuesday. Would sometime Tuesday fit with your schedule?

Thanks and have a great weekend!

Best regards,

Tracey
